

# You can't recycle the Countryside...

## But together, there's a lot we can do to protect it

The Campaign to Protect Rural England (CPRE Durham) is a charitable organisation that campaigns for a sustainable future for the English countryside - a vital but undervalued environmental, economic and social asset to the entire nation.

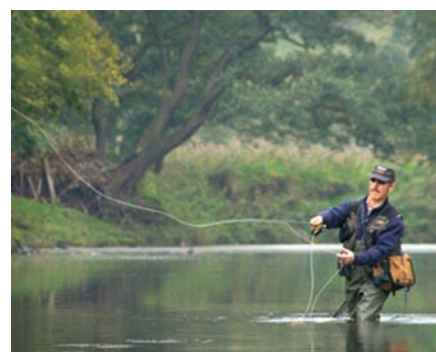

Through reasoned argument and lobbying we seek to help both land owners and home owners, whilst influencing public opinion and decision-makers at every level.

We highlight threats and promote positive solutions for all - and our in-depth research supports peaceful and active campaigning at all levels.

We cover North East England, we need your help and support to continue our work and by becoming a member, you make a crucial contribution to our cause. You also gain some excellent membership benefits, but you can also volunteer or make a donation or a legacy, everything helps!

To find out more about CPRE Durham and how you can help please call
